

**Alfred E. Staubus, Pharm.D., Ph.D.,**

**President of A & A Consultants, Inc.**

1015 Kenway Court, Columbus, Ohio 43220

614/451-1406 phone; 614/451-1407 fax

Since 1985, he has provided consulting and expert testimony in both civil and criminal cases in the area of forensic toxicology of alcohol and other drugs.

His specialized training in breath alcohol testing includes an Intoxilyzer 5000 Operator's Course (1997 – Marietta, Georgia), a BAC DataMaster Training Course (1997 – Mansfield, Ohio), an Intoxilyzer 8000 Breath Alcohol Technician (BAT) Training Course (2005 – Jackson, Mississippi), and the Intoximeters EC/IR II BAT Training Course and Training of the Trainers Course (2008 – St. Louis, MO).

He also has taken the two-day training course for Ohio Senior Operators. Dr. Staubus has given presentations at many DUI seminars on forensic toxicology, including the 8th Annual Mastering Scientific Evidence in DUI/DWI Cases in Atlanta, Georgia; the National College for DUI Defense, 2004 Summer Session, in Cambridge, Massachusetts; the Intoxilyzer 5000 & 8000 Breath Testing Training Course, December 1-5, 2004, in Atlanta, Georgia; the 2005 and 2006 Mastering Scientific Evidence Seminars in Dallas, TX, the Ohio Association of Criminal Defense Lawyers 2006 Advanced DUI Seminar in Columbus, OH, the 2006 Ohio Prosecuting Attorneys Association Spring Training Seminar, Columbus, OH, and the Mississippi Justice Court Judges Association 2007 Summer Convention, Biloxi, MS.

In his laboratory, he has a number of breath alcohol testing machines, including the Intoxilyzer 5000 (series 64, 66, 68, and 68EN), the Intoxilyzer 8000, the BAC DataMaster, the DataMaster cdm, the DataMaster DMT, and the Intoximeters EC/IR II.

As a faculty member at The Ohio State University for 30 years, his teaching and research involved measuring drugs in biological fluids and determining and predicting the time course of drug absorption, distribution, and elimination in the body, including alcohol.

Dr. Staubus is a member of many professional and scientific organizations, including the American Academy of Forensic Sciences, of which he is a member of the Toxicology Section, and the Society for the Scientific Detection of Crime, of which he is a past president.

2004 - present Emeritus Faculty in the College of Pharmacy (Pharmaceutics), The Ohio State University

1974 - 2004 Faculty Member at the OSU College of Pharmacy
